The Rhennee are not native to Oerth; rather, they are accidental travelers from another plane or world, citizens of a lost homeland they call Rhop. Their legends say that they appeared first in the Great Kingdom, in or near the Adri Forest. Pursued monsters and hostile Aerdi, they fled west to the shores of the Lake of Unknown Depths, where they took to life on the water. They now expertly ply the great rivers that cross the Flanaess and migrate between the three great lakes.

In Veluna, the bargefolk can be found along the length of the Volverdyva, and as far up the Fals River as Mitrik (although barges have been known to navigate the river at least as far as Thornward). Though generally unwelcome on the northern shores of the Volverdyva, people on the Veluna side of the river have slowly developed a tolerance for the Rhennee presence and culture; however, a degree of mutual distrust and antagonism persists, and keeps the Rhenn-folk relatively unmixed with other races.
